

～教授の手順～

1. PC を用意しましょう！

2. Zoom 設定で字幕設定にしましょう！

The image shows two screenshots from a Zoom application on a PC. The top screenshot is the 'Settings' window, with the 'Caption' option selected in the left sidebar. A red arrow points to the 'Caption' button in the center. The bottom screenshot is the 'Caption' settings page, with a red arrow pointing to the 'Caption' toggle switch.

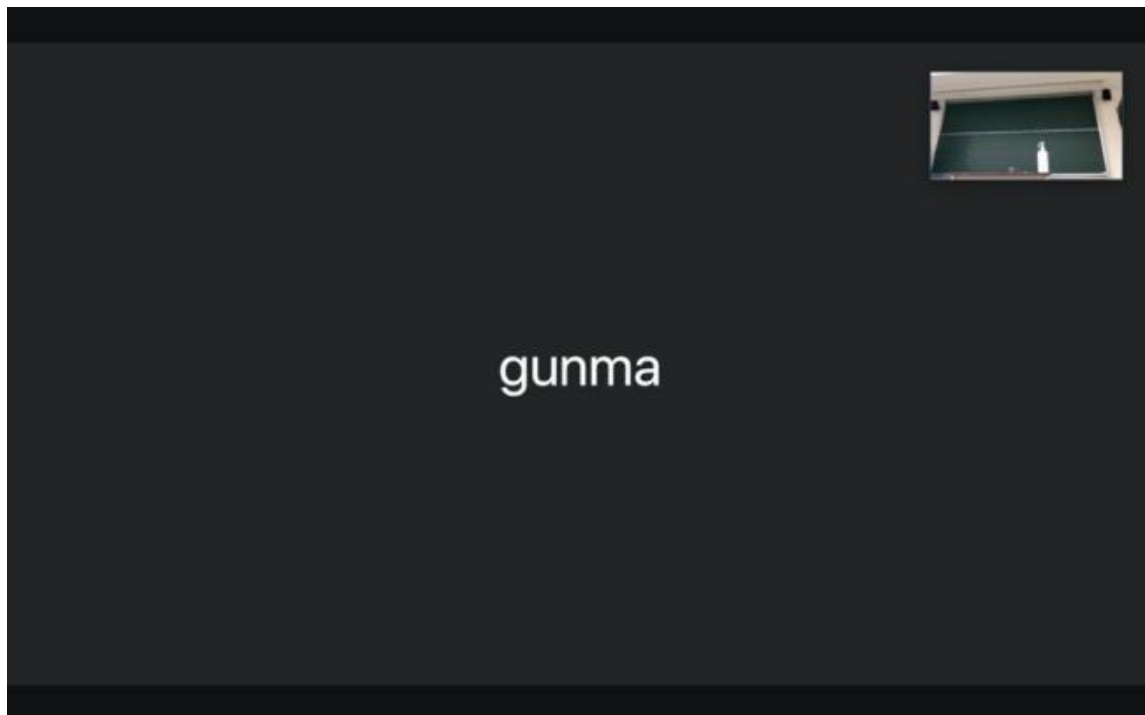

Zoom Settings (Top Screenshot):

- Left sidebar: Profile, Video, Audio, Meeting, Meeting Features, Recording, **Profile**, Meeting Info, Forward Pass, Keyboard Shortcuts, Advanced.
- Center: Zoom アカウント (Zoom Account) section with buttons: 高度な機能を有効にする (Enable advanced features), プロファイルを編集します (Edit profile), プロに更新をアップグレードします (Upgrade to Pro).

Zoom Caption Settings (Bottom Screenshot):

- Security: Meeting Scheduling, Meeting (Basic), Meeting (Advanced), Email Notifications, Other.
- Breakout Rooms: Host can move participants to smaller rooms (On), Allow breakout rooms during scheduling (Off).
- Remote Support: Host can offer support to other participants (Off).
- Subtitles: **Host can type captions or participants can add captions (On)**, Show captions in meeting (Off).
- Save Captions: Host can save captions (Off).
- Real-time Translation: Host can translate in real-time (Off).

3. Zoom を開きましょう！

4. 「字幕」を選択！

※字幕設定を行っていない場合は、「字幕」は表示されていません。

5. APIトークンをコピー！

6. サポートルームに API トークンを送信してください！

メール等で API トークンを、UD トークを開く iPad2 に貼り付けます！

操作は完了です！
